Favor	Because we don't have anything like this around here. It would be a major convenience.	M19-24	Yes	Definitely	Definitely	Probably
Favor	There is nothing to do in Mountain Home, and it encourages positive growth.	M19-24	Yes	Probably	Definitely	Definitely
Favor	Because this town is small enough to where there is nothing to do but big enough that there are a lot of kid with nothing to do who are getting into trouble. We need something to help change the direction of their life.	M19-24	Yes	Probably	Probably	Probably
Favor	There is not much to do around here, so many kids end up doing things they ought not to. I think a lot of kids and families would take advantage of the facility.	M19-24	Yes	Probably	Probably	Probably
Favor	There is not much to do in Mountain Home, so this recreation center would give people of all ages something to do.	M19-24	Yes	Might or might not	Might or might not	Definitely
Favor	Our community needs this more than anything, to keep kids out of trouble and keep the community much healthier.	M19-24	No	Definitely	Definitely	Definitely
Favor	I think it would be a good thing to put in the town.	M25-34	Yes	Definitely	Definitely	Definitely
Favor	This community needs a rec center. There's a lot of families here, and not enough family oriented things. For my answers concerning how likely my family and I are to join, I'm assuming the hours of operation are flexible (5 am-11pm would be ideal). I am also assuming option three would involve an outdoor pool, as the base already offers year-round use of an indoor pool.	M25-34	Yes	Definitely	Definitely	Definitely

Favor	There is a need for entertainment. There is currently not much offered.	M25-34	Yes	Probably	Probably	Definitely
Favor	Desperate need for things to do and more competition for other health clubs. Drive down prices/membership fees, better services.	M25-34	Yes	Probably	Probably	Probably

Favor	The town needs it and the young children have nothing to do. There is a drug problem here and a rec center would help children stay out of trouble so they won't break into my car anymore.	M25-34	Yes	Probably	Probably	Probably
Favor	I think the community needs it. It would be nice for the kids and everyone else to have somewhere to go do something.	M25-34	Yes	Probably	Probably	Probably
Favor	I've got a couple of young ones and there is not a whole lot for the kids to do in the community. They're getting into trouble because they don't have other things to do.	M25-34	Yes	Probably	Probably not	Definitely
Favor	We need more activities and more things available for people to do.	M25-34	Yes	Might or might not	Probably	Probably
Favor	There is nothing to do in town; there is a base pool, but it is limited to people on the base, and is a 15 minute drive for them to reach. There is nothing comparable to what the YMCA is proposing.	M25-34	Yes	Might or might not	Might or might not	Definitely

Favor	I am definitely for it. It would create jobs, and this town needs something like this. I would definitely join if I could hire a personal trainer at the rec center. It would also be interesting to have organized adult sports groups.	M25-34	No	Probably not	Probably not	Might or might not
Favor	I moved back here because the community has always been a good place for families, and I feel a recreation center would add positively to that.	M35-44	Yes	Definitely	Definitely	Definitely
Favor	The town needs this.	M35-44	Yes	Definitely	Definitely	Definitely
Favor	Because as of now I work in Boise and they have centers and Mt Home needs more facilities to exercise.	M35-44	Yes	Definitely	Definitely	Definitely
Favor	There is nothing else in Mountain Home for families. I would like to see something else besides an expensive movie theater. Cannot afford to join a gym for the family.	M35-44	Yes	Definitely	Definitely	Definitely
Favor	It would give people something to do. It is a benefit for the community as a whole to have a healthy alternative choice for families in the community. Also, I can see people someplace other than Wal-Mart. It will also help the high school athletic programs.	M35-44	Yes	Definitely	Definitely	Probably

Favor	I am all for it, if they can work out the details. There are not a lot of opportunities for kids to get out and do things in the community; there needs to be more here for our children (and adults as well). It will give people a chance to lead a healthier lifestyle. I would suggest that membership fees are based on a scale, similar to how they do it for the base rec center. This will give a wider base of people, greater participation, which will allow greater opportunities, and more revenue from snack bar, etc. If you limit it with a higher rates, you will get less participation, and the center will die as you weed out people unable to pay.	M35-44	Yes	Probably	Probably	Definitely
Favor	This town needs it; there are not enough places for kids to go.	M35-44	Yes	Probably	Probably	Probably
Favor	I have teen-age sons, we have been discussing a desire for a community pool that is more year round friendly.	M35-44	Yes	Probably	Probably	Probably
Favor	There's nothing for people to do out here, especially kids. If you can't go to the base, there's no real options. I really like the idea of the aquatic center, especially if it's year-round. They might also consider a room or mats for wrestling. Currently in this community wrestling and basketball youth teams have conflicting schedules and it's hard for both groups to schedule gym use for games and practices.	M35-44	Yes	Probably	Probably	Probably
Favor	Good for community.	M35-44	Yes	Probably	Probably	Definitely not
Favor	I have kids and they would have more to do year-round if this facility were available. However, I would prefer more options to choose from about the pricing -- could people pay a reduced price for access to only part of the facility's amenities, for instance. Favor	My family likes to do those type of activities and there is no central place to do so in Mountain Home.	M35-44	Yes	Probably	Probably not	Definitely
Favor	We need something for the kids. But it needs to be fiscally responsible.	M35-44	Yes	Might or might not	Probably	Definitely
Favor	The kids have nowhere to go around Mountain Home. There are no close by facilities other than Boise or the base.	M35-44	Yes	Might or might not	Might or might not	Might or might not

Favor	It gives the people in the town some options and it sounds like it would be a better and bigger complex. The pool would be a plus and military would not have to drive out to the base.	M35-44	Yes	Probably not	Probably not	Might or might not
Favor	I think that it would be very good for the community only if they could keep it at lower price ranges where EVERYONE could use it.	M35-44	Yes	Definitely not	Definitely not	Definitely not
Favor	People need a place to go, the community center that they have now is just for kids, and could be better. There is no indoor pool anywhere in town so that would be nice.	M35-44	No	Probably not	Probably not	Might or might not
Favor	I can't imagine living in a town with 10,000 people not having an indoor rec facility. I think that it is a normal thing and it should be an expectation.	M45-54	Yes	Definitely	Definitely	Definitely
Favor	We/ere a health minded family. A good release for family members.	M45-54	Yes	Definitely	Definitely	Definitely

Favor	The community as I see it is in desperate need of a facility like this. The schools or the base do not provide facilities like this to the general public.	M45-54	Yes	Definitely not	Definitely not	Might or might not

Favor	I think it is something that the community needs.	M45-54	No	Definitely	Definitely	Probably
Favor	The community really needs something like this, but my only question is that they needed it 10 years ago (3rd option was to be built by now)...and the project seems to have stagnated now.	M45-54	No	Definitely	Probably	Probably
Favor	It would offer the kids and other people ways to exercise and offers a way to be healthy. Also, gives the kids something to do.	M45-54	No	Definitely	Probably	Might or might not
Favor	I think that the more activities available, the better off the community will be...and this includes all ages including the young.	M45-54	No	Probably	Definitely	Definitely
Favor	The pool is the part that we would use the most.	M45-54	No	Probably	Probably	Definitely
Favor	We need a community center and in particular, an indoor pool for year-round use. However, I'm concerned that the proposed fees seem slightly too high,	M45-54	No	Probably	Probably	Definitely
Favor	It's needed, there are many kids who live near me who would use the basketball facility. Kids need other options. I'm a 9-1-1 dispatcher for this town, and kids need more positive things. Yet the cost is \$700 a year, and the facility won't be used 24/7 by the people who are members. This amount is what normal people pay for a year of cable TV. Many kids who need the facility for a positive thing cannot afford it. There needs to be a scholarship program or free days for kids whose families have no extra money, much less \$40 a month. We're in danger of excluding the very people who most need the facility. Rethink the fees...to weekly, or even hourly.	M45-54	No	Probably	Probably	Definitely
Favor	They're already taking my money, so I guess they should build it.	M45-54	No	Probably	Might or might not	Definitely not
Favor	I would probably favor it because it sounds like a good thing for the community. It would be a positive thing and give something for the kids and adults to do. Good for all ages to maintain their health.	M45-54	No	Probably	Probably not	Might or might not
Favor	Good for the community.	M45-54	No	Might or might not	Probably	Definitely

Favor	Teenagers need something to do, especially during summertime, holidays, and after school. Indoor sports facilities would be useful for this reason. In addition, not all kids do sports at school so they need more opportunities.	M55-64	Yes	Probably	Probably	Probably

Favor	I think we need a place to exercise, especially during the winter. The kids also would need a facility to exercise.	M55-64	No	Might or might not	Probably not	Probably
Favor	If they build a swimming pool, I would go everyday.	M55-64	No	Probably not	Probably not	Definitely
Favor	The YMCA should run this facility, if it's built, because they're the best at making it self-supporting based on membership fees. Plus, can we be a member for only the two or three months in the winter, or do we have to join for a year? Favor	It gives families more to do in Mountain Home all year long.	F19-24	Yes	Definitely	Definitely	Definitely

Favor	I think the community needs it and it is an easy, safe opportunity for the community.	F25-34	Yes	Probably	Might or might not	Definitely

Favor	It would give people more options to do things, especially kids.	F25-34	Yes	Might or might not	Probably not	Probably not

Favor	I think this will give the kids more to do, especially during the summer when they are off. It will also provide job opportunities to the community. Given that I have access to workout facilities on base, we really are only interested if there is an indoor pool.	F25-34	No	Definitely not	Definitely not	Probably
Favor	Want to see something done.	F35-44	Yes	Definitely	Definitely	Definitely

Favor	I think it is something great for our youth, to keep them out of trouble. The current youth center is subpar, and I think my family and kids would use the facility for sports.	F35-44	Yes	Probably	Probably	Probably
Favor	Because there is nothing here for youth to do and it would give families more to do with the opportunity to get together.	F35-44	Yes	Probably	Probably	Might or might not
Favor	We need a recreation center. It is about time. Going to Boise or entertainment is too hard. The drive is not worth it. All of the facilities are at the base, which not everyone can access.	F35-44	Yes	Probably	Might or might not	Might or might not
Favor	We need good things for the town and community; places for people to go which are healthy.	F35-44	Yes	Probably	Might or might not	Might or might not
Favor	There's not a lot in Mountain Home for the community to do. Our community needs this really bad for all ages.	F35-44	Yes	Probably	Probably not	Probably
Favor	Because there is not enough activity for children in this town. There needs to be more indoor activities for them.	F35-44	Yes	Might or might not	Might or might not	Definitely
Favor	I favor option three because my son is part of a swim team that is part of Mountain Home, and we are having to have practice on base making it very difficult for him to go to practice. By having a recreation center in Mountain Home, the swim team would be much more available.	F35-44	Yes	Might or might not	Might or might not	Probably
Favor	To have a year round facility for children to go to.	F35-44	Yes	Might or might not	Probably not	Probably
Favor	I think we need something in Mountain Home. We have nothing to do for the teens.	F35-44	Yes	Might or might not	Probably not	Might or might not

Favor	We need more things for children to do around here. There aren't enough facilities nearby, larger and with a pool.	F35-44	Yes	Probably not	Might or might not	Probably
Favor	The key is the swimming facility; there are plenty of opportunities for weights, cardio, basketball courts locally. But, when you add a swimming facility that is available year-round, it gives a good result for the money you are spending. Opportunity for swim team, and gives people things to do in the winter when going stir crazy. This is an opportunity to do something we don't have today. I think they should add racquetball courts. Favor	Something of this nature is much needed in Mountain Home, but I'm not in favor of the Western Elmore County Recreation District running it or building it or having anything to do with it.	F35-44	Yes	Probably not	Probably not	Might or might not
Favor	Our youth need something to do and we need community activities, but I believe the monthly fees are too high for such a facility being proposed to actually survive. We shouldn't have to pay high fees along with taxes.	F35-44	Yes	Probably not	Probably not	Probably not
Favor	The community needs a larger variety of activities available and would like to stimulate the local economy.	F35-44	Yes	Definitely not	Probably not	Probably
Favor	I think that the community needs something like this. Trying to ramp up the hospital to help people understand they can receive hospital services without going to Boise. There is an outdoor pool right by the hospital, only one, but it is very busy. The city has a problem they are working to resolve with the golf course. Communities need something like the rec center, but don't want to pay twice for it.	F35-44	No	Might or might not	Might or might not	Might or might not
Favor	The kids need something to do. Something that's going to occupy their time and keep them out of trouble. Right now they have nothing.	F35-44	No	Might or might not	Probably not	Probably
Favor	The town needs youth activities, and there are few for our kids and families. I have two kids who have hung out with the wrong crowd and have not enjoyed the same supervision and activities that I enjoyed growing up.	F35-44	No	Definitely not	Definitely not	Definitely
Favor	It would be a good thing for the town, and it wouldn't likely be something I would use often. My grand kids would love it when they visit, if there are daily fees.	F35-44	No	Definitely not	Definitely not	Probably

Favor	Mountain Home needs a facility for the kids beyond the parks and the city pool, where they can be active and supervised too.	F45-54	Yes	Probably	Probably	Probably
Favor	I am in favor because we need something for our youth and elderly to do exercise wise. It would help the community as a whole.	F45-54	Yes	Probably	Probably	Probably

Favor	We need something more for families to do, and to make for a healthier community.	F45-54	No	Definitely	Probably	Definitely
Favor	I think the health concerns of this city are an issue. I have many friends who need the opportunity to exercise at this facility. The hours of the base make exercising difficult.	F45-54	No	Definitely	Probably	Probably
Favor	I've heard mostly negative stuff about the private gyms for adults, and it would be an advantage for adults as well as youth to have this become a part of the community. Winter's are tough, and having indoor tennis would be nice, too.	F45-54	No	Definitely	Might or might not	Definitely

Favor	My family is non military therefore we do not have unlimited activity options. My daughter was apart of YMCA in Wisconsin and it was a great environment for our family, and provided great programming.	F55-64	Yes	Definitely	Definitely	Definitely
Favor	It would be good for the kids. But why don't we have an Olympic size pool so we could have swim teams and competitions. This could bring income into the community and bring business to the local hotels.	F55-64	Yes	Definitely not	Might or might not	Probably
Favor	It's a good idea. It would be something closer to people's budget (the first option). Some of the options for activity in town are limited by hours. I am more inclined to join a Y than a private club.	F55-64	Yes	DK / Refused	Probably not	Probably not
Favor	I think it offers the potential for all age groups to have physical activity and to use it for medical therapy. There is not enough affordable activities in the community for young families. It is definitely needed, but I question whether it will ever be completed.	F55-64	No	Definitely	Definitely	Probably

Favor	We have nothing for the kids, and because of it they get in trouble. We desperately need something.	F55-64	No	Probably	Probably	Definitely
Favor	It would have the potential to be a well-used facility...as long as the right people run it. I don't want to see a facility be built and have it not be able to continue due to mismanagement. I want it to be successful, and it needs to be managed well in the long-run for that to happen.	F55-64	No	Probably	Probably	Probably

Favor	The kids don't have much to do around here, so it'll be good for them and for seniors, who would enjoy these facilities that don't have access to the Air Force base or to a pool in the winter.	F65+	Yes	Definitely	Definitely	Definitely
Favor	Nothing to do in Mountain Home - it is very much needed.	F65+	Yes	Definitely	Probably not	Definitely

Favor	People need something to do, and many just go to the bar and leave the kids alone. This sounds like a great thing about the community. I raised my family here and worked for years. Times have changed.	F65+	No	Definitely	Definitely	Definitely
Favor	You ought to have a place to enjoy a variety of activities that families and adults can go to together. A lot of what was described to me sounds good.	F65+	No	Definitely	Definitely	Definitely
Favor	I used to work at the base, and we had a swim team. We have nothing like that in town, though, and the kids and elderly both need a chance to get therapy and swim in town. Neutral	I use the base facilities, so it's free for me. It sounds like a nice facility for the community.	M25-34	Yes	Definitely not	Definitely not	Definitely not
Neutral	I'm neutral because they should get donations from the local businesses -- and give them tax breaks -- for building the facility, rather than raising property taxes even higher on individuals. In this financial climate, where half the homes for sale have been on the market for over a year, the time doesn't seem right, yet youth do need something more to do in town. There also ought to be scholarships or price breaks for low-income kids, they probably need this facility the most, and have the fewest resources to support it. Neutral	Tax payers are already paying for it, and to pay monthly fees, too, is too much.	M35-44	Yes	Probably not	Probably not	Probably not

Neutral	We're a military town, and I don't know what they have out on the air base. I don't know how well the rec center would go over.	M35-44	No	Might or might not	Probably not	Probably not
Neutral	It all depends on how much it would effect taxes. Increased taxes would have a negative impact. It would be more beneficial to improve what is all ready here, like the youth center. Overall, it is dependant on the economy.	M35-44	No	Probably not	Probably not	Probably not
Neutral	Because of the location and the distance and I don't have a vehicle. As I am disabled I can't drive. I oppose the idea of paying a membership since I am being taxed already.	M35-44	No	Probably not	Definitely not	Probably not

Neutral	I think there is value to having the facility, but the high fees on something for which I'm paying taxes on already make it less desirable.	M45-54	No	Probably not	Definitely not	Probably not

They've had the property for many years and we've been hearing about the center for five-plus years but nothing's been done. We also need lower fees with just two of us in the family. Neutral	The Western Elmore County Recreation District has not done much. They have been sitting on money that should have been used. There has been a lot of money that has been taken from the tax payers bills. We need a community center that is multi-faceted, things like a swimming pool would not be cost effective. Oppose	Mountain Home is a military community. Everyone associated with the military can invite friends and family to use the base facilities at no cost.	M35-44	No	Definitely not	Definitely not	Definitely not
Oppose	I am a retired military person, as are many people in the community, and have access to excellent facilities at the base for no membership fees. Not sure that the community would be able to manage something of this depth and high cost. I have been a youth sports coach for many years, and not sure there is the support for this in the community. There are many other opportunities to fund and sponsor, which aren't available. Taxes have been pulled for ten years, and lots of people have bad feelings about this given that there is nothing to show for it.	M45-54	Yes	Probably not	Probably not	Probably not
Oppose	They are taxing us too much for it, and it has not been built in 10 years. I oppose this recreation center no matter what is in it. It is not necessary, and will not be useful. So many people are in foreclosures, and are losing business and jobs, so no one can afford a center like this. Oppose	Because we have to pay twice. We have already paid for it with our taxes. I am not philosophically opposed, I simply cannot afford the rec center prices.	F45-54	Yes	Definitely not	Definitely not	Definitely not
Oppose	I think it's wrong that they are using our tax dollars to put other businesses in town out of business. I also think it's wrong that they have been wasting our tax money when they haven't even built anything yet.	F45-54	No	Definitely not	Definitely not	Might or might not
Oppose	They haven't offered anything that I would use, and the hours of operation aren't likely to match those which I have, commuting to Boise.	F45-54	No	Definitely not	Definitely not	Definitely not

**Responses to Q13: “And, in one or two sentences, why do you say that [you tend to be <favor / oppose / be neutral to> the idea of building a community recreation center in Mountain Home]?”

Q12. FAVOR, NEUTRAL TO, OR OPPOSE BUILDING REC. CENTER?	Q13. REASONS FOR FAVORING, BEING NEUTRAL TO, OR OPPOSING BUILDING REC. CENTER?	GENDER & AGE?	CHILDREN 18 OR YOUNGER IN HH?	Q3. OPTION ONE JOINING LIKELIHOOD?	Q5. OPTION TWO JOINING LIKELIHOOD?	Q7. OPTION THREE JOINING LIKELIHOOD?
Oppose	I oppose this recreation center because it is very difficult to maintain the operation of a recreation center, concerning finances. Mountain Home does not have the demographic to support this. I would be much more in favor of renovating the high school, or making an aquatic center in the high school. The costs for this recreation center are through the roof, a small community like ours can not afford this. Our high school is practically falling down, it should be more important. The weight room at the high school would be a great place to start, it is currently unsafe and outdated. It is a travesty that our community is looking at this when our high school's condition is horrid.	F45-54	No	Definitely not	Definitely not	Definitely not
Oppose	I am opposed but I would be in favor if it had a pool but no basketball and volleyball courts, those are not needed. In addition, I would not support the rec center if parks and rec runs it.	F45-54	No	Definitely not	Definitely not	Definitely not
Oppose	If taxes go up, I don't want it.	F55-64	No	Might or might not	Might or might not	Definitely not
Oppose	We've been paying on this for 10 years and nothing has come out of it.	F55-64	No	Definitely not	Definitely not	Definitely not
Oppose	It is on the wrong side of the town, and it is too expensive. Unless it is under different management it will be crooked. We have already been taxed for reasons unknown.	F65+	No	Definitely not	Definitely not	Definitely not
